

LENDR.

BY TIFF, MAT & LINDA

ABOUT.

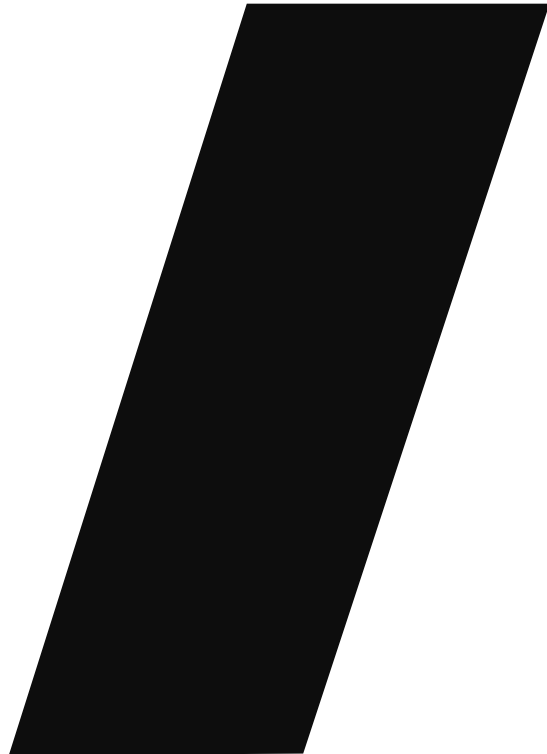

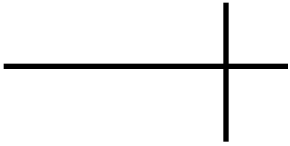

WHO ARE WE?

Lendr is a community-driven two-sided marketplace that lets you rent out your belongings to others nearby. Everyday, we connect people who need things, with others in your neighbourhood that have it to lend. Our vision is to provide a platform where anyone and anything - from the everyday to special occasion - can be borrowed quickly and easily without needing to break the bank or buy more stuff.
